Prior to bid openings Mr. Hobgood explained the City would require metal ducking on heat/air system, not fiberglass. Butch Layson, Foremost Construction arrived one minute after City time stated 10:30 A.M., stating he had gone to City Supt. Hobgood's office rather than the City Courtroom. No bids had been opened when he arrived and Mr. Felker and Mr. Martin stated they had no objections, therefore his bid was accepted, with details to be noted in the minutes.

Respectfully submitted:

(Mrs.) Cathy Harrison,  
City Clerk - Treasurer
